25X1 11. [] - LLM) Col. Seymour Shwiller, once again assigned to the Joint Committee on Atomic Energy, called concerning the currency of his compartmented clearances. It turned out that they will have to be updated and his need for them relates to an ERDA briefing scheduled this Wednesday. [] OS, was advised.

25X1 12. [] - LLM) Clark McFadden, General Counsel, Senate Armed Services Committee, called for a copy of Mr. Maury's Memorandum for the Record covering the 13 March 1973 briefing of members of the Armed Services Committee and others on Chile. While copies of these memoranda are in Chief Counsel Ed Braswell's safe, Braswell is out and Chairman John Stennis (D., Miss.) wanted the material as soon as possible; the memoranda were dispatched to the Hill.

25X1 13. [] - LLM) Called Les Janka, NSC staff, concerning the scheduling of H. Res. 72 (concerning the Director's 24 December report to the President on domestic activities allegations) on the floor possibly tomorrow and he said he would call it to the attention of the appropriate people and give me any feedback he got. A letter on the same subject was sent by the Director to Philip Buchen, Counsel to the President.

25X1 14. [] - LLM) Nancy Hart, in the office of Representative Richard Schulze (R., Pa.), called and said she had mentioned to him the idea of having the Republican Freshman Club come out to the Agency for a breakfast/briefing but instead he suggested that someone from our Agency come to one of their Monday night meetings and speak for 25 to 30 minutes. I told her that I understood this and appreciated it and asked her for a particular time. She said they normally meet in the different congressmen's office but in the event there would be a large crowd they would move to a committee room. I told Hart that I would talk this over with my colleagues and we would work something out.

25X1 16. [] - BAO) Received a call from Linda Puglise, Senate Foreign Relations Committee staff, inquiring as to whether the Law of the Seas Conference Studies had been delivered yet as requested by David Keaney of the Committee staff. Puglise said that they would like to have them today as they will need them for a briefing tomorrow. After checking with Mr. Cary, a courier delivered them to Mr. Keaney.

25X1 17. [] BAO) Clark McFadden, General Counsel, Senate Armed Services Committee, called and asked if he could have an 25X1A unclassified copy of the article on the Law of the Seas Conference appearing in the NID for Saturday. [] OCI, was notified.

25X1 18. [] - BAO) Received a call from Diane, in the office of Representative Floyd Hicks (D., Wash.), requesting an application and brochures for a constituent. I told her that this material would be mailed to her tomorrow.

25X1 19. [] - GLC) Accompanied the Director, Bill Christison and Bill Newton to a briefing of the Investigations Subcommittee of House Foreign Affairs Committee on Cambodia. See Memo for Record.

25X1 20. [] - GLC) Talked with Jack Marsh, Counselor to the President, about the inquiries we have received from Mark Kliman on behalf of Representative Les Aspin. They relate to the basis on which the intelligence community arrives at comparisons of U.S. and Soviet defense expenditures and the apparent disparity between Assistant Secretary of Defense Clements' statement that 20% of the Soviet GNP goes to defense and the Agency's position that the figure is only 7% to 8% (DCI testimony before the Joint Economic Committee last year). Marsh verified that Clements' office is using the 20% figure but Marsh said he thought it was incorrect. I told him that Aspin apparently wants to try to use the Agency to attack Schlesinger's defense budget and we wanted to be sure that we were in touch with one another on this.

25X1 21. [] - RJK) Per arrangements made by Miss Donahue, delivered to Clark McFadden, General Counsel, Senate Armed Services Committee, memos for record from the Director's briefing of 13 March 1975.
